

Doing **GOOD** together

*A wave of wellness is spreading around the world this Summer! **Join our global movement to make families healthier.***

Introducing WW Good™, WW's first ever global initiative bringing together its entire community and beyond to support underserved communities and help them become healthier. This Summer, WW will be donating a total of \$650,000 to our partners, WE and Wholesome Wave.

Here are two ways you can join us in doing **GOOD** together!

- 1 Share one small change you're making to improve your health or the health of your community on social media with the hashtag **#WWGood**. For every public post on Twitter, Instagram and Facebook through August 26th, WW will donate \$1 (up to \$100,000) to ensure people have access to fresh food.
- 2 Join us through the Summer, at a series of mini-festivals in Minneapolis, Chicago, Toronto, Dallas, Los Angeles & NYC with activities that will let you experience wellness while doing **GOOD** together. For each person that attends, WW will help up to 3,000 local families in need buy a month's worth of fruits and vegetables.

Learn more about WW Good, ideas on how you can get involved in your local community, and the dates of our upcoming mini-festivals at [weightwatchers.com/wwgoodstyle](https://www.weightwatchers.com/wwgoodstyle).
